

The SCIP Database Handbook: Your Guide to Compliance

Dear Reader,

Compliance with the EU Waste Framework Directive requires extensive reporting. Learn how to properly submit dossiers to the SCIP database to avoid non-compliance penalties.

Making your SCIP database submissions doesn't need to be difficult. Download a copy of Assent's [SCIP Database Handbook](#) to get the best practices and tools to streamline your reporting obligations.

You'll learn about:

- SCIP database submission requirements and how to demonstrate due diligence
- How to build a more effective SCIP program
- Supply chain sustainability management best practices that reduce SCIP submission overhead
