NEWSAnd More

The U.S. Army Corps of Engineers Nashville District is soliciting the final contract for the Chickamauga Lock Replacement Project. We are seeking highly qualified civil works prime contractors to manage the construction of approach walls, mass concrete placements, heavy marine based lifts, and commissioning activities. There are also opportunities for small business contractors to serve as sub-contractors for electrical, welding, material movement, and steel frame building construction. A pre-proposal site visit is scheduled for Feb. 20, 2025 at 10 a.m. EST.
