#### Women Powering Manufacturing

Last Saturday, March 8th was [International Women's Day \(IWD\)](#), a global celebration of the social, economic, cultural, and political achievement of women, as well as a call to action for accelerating gender equality. IWD seeks to make a positive difference for women by promoting resources that promote women's advancements in overcoming significant barriers to gender equality that continue to exist well over a hundred years since its founding in 1911. Industry Today's upcoming March digital issue features four women who are models for women's achievement in STEM careers as part of our focus on International Women's Day.
